

# Blue Mountains Geology Field Trip

When: Wednesday, September 25

Rain date: Thursday September 26

What: Field Trip featuring the geology of our area

Andrew Miall joined the Geologic Survey of Canada in 1972 and was a University of Toronto professor who wrote the chapter of geology exclusive to our area, the Georgian Bay watershed.

A 5 stop car pool field trip targeting local geologic features specific to our area, terminating with a lunch (St Louis Bar and Grill).

Maximum 20 members.

HOW: Sign up sheet or email [dennis.f.onn@gmail.com](mailto:dennis.f.onn@gmail.com)
