

Probus Blue Mountain Paddling Group

Upper Bighead River Trip October 9, 2024

The upper Bighead River is an easy paddle of an hour or so. We begin the trip a short ten minute drive west of Meaford. There are about seven nice swifts that are easy to negotiate. In October the salmon should be spawning on the gravel bars and the fall colours will be awesome. Dress for fall weather.

We will meet at 10 am at Tim Hortons in Thornbury and drive as a group to the put in at the bridge on Grey Rd 12. We will organize a short 4 km shuttle before we begin paddling. We end the trip on the 13 th. side road bridge over the river. The shuttle is very short and easy. We will have lunch at one of the restaurants in Meaford.

Please contact Dave Hodgetts by Monday, October 7 th to let him know you will be on the trip.
