

Next Snowshoe Trek Date: Thursday FEBRUARY 6, 2025

Description of Location: LOREE FOREST WESTERN LOOP – We will be doing the western half of this easy to moderate 2.8km loop. There is only 1 small incline when starting that takes you from the parking lot to the official trailhead which is flat terrain. The trail is well tracked in forest so we won't be burdened down in drifting snow. This should take us 1 hour 45 minutes. Consider it easygoing once we are up the dual track incline.

Meeting location: Parking Lot behind Tim Horton's at 10am for departure sharp at 10:15am. We can carpool since the parking lot is paid parking except for Blue Mountain Residents with a parking permit.

Your Snowshoe LEADER: BILL BRENNAN

Confirm with your leader by email **no later than Wednesday 6pm** if you will be participating on the snowshoe, and if you will be joining for lunch afterwards at group's decision.
